After the image data to be submitted has been added to the upload screen, click the "Start Registration" button.

For a Short Film Competition

- * If any language is used in the video, be sure to include English subtitles for judging purposes.
- * Please note that uploading may take a while.

For a Single Photo Category
 You cannot register multiple single
 photo works at the same time.
 Please be sure to perform
 submission registration for each
 work separately.

For a Photo Story Category
Bulk upload all of the photos that
comprise the story to the upload
screen, and click the "Start
Registration" button.

* When registering a photo story from a smartphone, add the content to the upload screen one at a time. Click the "Select image data to upload" button again after adding one photo and select the second or subsequent photo and then finally click "Start Registration".

For a photo story

Please enter the required items for each image. Click "Save and Go to Next" or "Save and Go to Previous" at the bottom of the screen to open the screen for entering the information for the next or previous image.

(Clicking the image thumbnail on the right will also redirect you to the information input screen for the selected image.)

When you finally click "Save and Submit" after entering the required items for all of the images, submission completes.

- With regard to the display order of a photo story, photos are registered automatically in the ascending order of upload.
 When changing the display order, specify 1 to 5 as necessary on the information input screen for the images you would like to change.
 The display order will change accordingly.
- * When the entry registration information (title/story/subject category) is edited, it is changed for the entire displayed photo story.
